INSTALLATIONS:

DIRECT MOUNTING:

STEP 1: Remove the Diffuser from the channels by hand.

STEP 2: Use the self-taping Mounting Screws to mount the channels directly to the wall or ceiling.

STEP 3: Peel off the protective film in the back of the adhesive on the tape light and gently stick the tape on the channel by hand. Make sure the tape connector is kept inside the endcaps of the channels. Power and test the tape lights.

STEP 4: Snap the Diffuser back onto the channel gently by hand.

AiSPIRE retains the right to modify the design of our products at any time as part of the company's continuous improvement program.
